WHAT PARENTS ARE SAYING

"As parents of three children we have many years of experience with Treetops Children's Center. The center provides an opportunity for our children to play, participate in group activities, explore the outdoors and to make new friends.

"The staff at the center is very knowledgeable and caring. We are happy we have found a place that our children look forward to going to and that we, as parents, can trust with the care of our children.

"This allows us free time, knowing that our children are well cared for, safe, and conveniently close by."
